

## Celebrating CMA Award winners

Leading manufacturer of concrete block, brick and paving machinery – Pan Mixers South Africa (PMSA) – is sharing the celebrations of two of its customers for the awards they won in the 2010 CMA Awards programme.

The biennial awards programme is organised by the CMA (Concrete Manufacturers Association) to honour excellence in precast concrete products in different categories of application. The CMA Awards presented in November last year saw the Cape Town-based joint venture of

CEL Paving Products and Cape Brick share Regional and National awards for projects where their paving blocks and associated products were specified. Their PlazaBlocs, PlazaQuartet blocks, Classic Cobble, Lava kerbs and Lava channels are all manufactured on PMSA equipment.

Together, CEL Paving and Cape Brick won the Regional - Coastal Award in the category for residential paving, for the installation of these paving products at The Curzon in Constantia, Cape Town. The winning duo also scooped the

National and Regional - Coastal Award in the roads category with the same range of products used at the Market Square in Hermanus.

CEL Paving received the highest accolade in the paving category winning the Premier Award for its marble-exposed aggregate paving bricks as used in the urban renewal programme in Phillipi, Cape Town.

Managing director of CEL Paving, Claude Gorgulho, says, "This was by far our most successful year at the CMA Awards and we are especially proud to have received the Premier Award. Thanks to a good team effort and the reliable service

***Paving blocks, kerbs and channels, manufactured by CEL Paving Products/ CapeBrick JV on equipment supplied by Pan Mixers SA, made Market Square in Hermanus the National and Regional - Coastal Award winner (Roads) in the 2010 CMA Awards.***

and support provided by PMSA, CEL Paving has been able to achieve increasing success."

Managing director of Cape Brick, Anthony Gracie, says, "This is the first time that Cape Brick has won an award in the paving category. The paving division of Cape Brick was restructured and new management put in place just one year ago. We hope that this is the start of a successful new era."

Gracie also compliments PMSA which has been a reliable supplier of mixing and batching plants to Cape Brick for the past 15 years. "Our success rests on the back of the company's reliable products and excellent service."
