# HAND OFF-PACKING

Product and Production Board Handling System

## TECHNICAL SPECIFICATION SHEET:

### SUMMARY

PMSA provides a variety of options for the removal and packing of cured products from production boards into packs. The most basic and commonly used option is off-packing by hand, with the possibility of upgrading to mechanised and automated systems later.

Hand off-packing can be used with RE1400-LITE, VB4X, VB4, VB1X, VB1, RE600, Twin UNI PLANT, UNI PLANT, UNI HYDRAULIC, UNI STATIC, UNI-ECO, PK300 CORNET and PK300-ECO plants.

Off-packing upgrade options include the Davit swing-arm, Eco, Premium and ULTRA off-packing systems.

Manufactured by PMSA in South Africa. Our professional and experienced technical support team will provide you with the assistance you require. Our comprehensive spare parts facility enables us to provide immediate dispatch globally. E&OE. [Rev\_3\_2023]
