REBUILD & UPGRADE SOLUTIONS

Maximize the Life of Your PMSA Equipment

PMSA CERTIFIED REFURBISHMENT & REMANUFACTURING SOLUTIONS

At PMSA, we engineer **Built to Last**® equipment designed for multiple lifecycles. Our Certified Refurbishment Program restores your PMSA machinery to like-new condition, incorporating advanced technology and superior components to enhance performance and extend lifespan.

WHY CHOOSE PMSA-CERTIFIED REFURBISHMENT?

- **Extended Machine Lifespan:** Give your equipment a second (or third) life.

- **Cost Savings:** Like-new performance at a fraction of the cost.
- **Maximum Productivity:** Upgraded components improve efficiency.
- **PMSA Support & Warranty:** Ongoing after-sales service for peace of mind.
- **Safe & Reliable:** Meets strict industry standards.

HOW PMSA REFURBISHMENT WORKS

1. **Comprehensive Disassembly & Inspection:** Every component is assessed, cleaned, and tested.
2. **Advanced Refurbishment Techniques:** Worn parts are restored or replaced with

- PMSA-approved components.
- 3. **Reassembly & Quality Testing:** Machines are rebuilt and tested for peak performance.

BEWARE OF UNAUTHORIZED REFURBISHMENTS

Machines not refurbished by PMSA have:

- **Unreliable Performance:** Frequent breakdowns.
- **Reduced Productivity:** Non-certified components affect efficiency.
- **Compromised Safety:** Operational risks due to poor refurbishment.

Contact PMSA Today!

VERIFY YOUR PMSA MACHINE: Submit your serial number on our website or contact our support team to confirm if your machine has been officially refurbished by PMSA or contact us for more information on **Certified Refurbishment & Rebuild Solutions**.

The PMSA Advantage

BENEFITS OF PMSA REBUILD & UPGRADE SOLUTIONS

- **Extended Machine Life:** Built for multiple lifecycles.
- **Enhanced Productivity:** Upgrades often exceed original performance.
- **Cost-Effective:** More affordable than new equipment.
- **Sustainability:** Reduces waste and environmental impact.
- **Full PMSA Support & Warranty:** Ensuring long-term reliability.

PMSA CIRCULAR ECONOMY

We are committed to sustainability by remanufacturing, refurbishing and upgrading equipment instead of replacing it. Benefits include:

- **Maximum Productivity:** Upgraded components boost efficiency.
- **Certified Reliability:** Rigorous testing ensures durability.
- **Lower Operating Costs:** Affordable alternative to new machinery.
- **Sustainability Benefits:** Reduces waste, energy, and raw material use.

SERVICES OFFERED DURING REBUILDING & UPGRADES

- **Hydraulics:** Tanks, valves, hoses, piping, and cylinders.
- **Electrical & Wiring:** Control cabinets and automation systems.
- **Mechanical Components:** Precision-engineered for durability.
- **Vibration Systems:** Optimized for high-efficiency operation.
- **Mixers & Loaders:** Restored for peak performance.
- **PLC & SCADA Upgrades:** Latest automation for improved productivity.

- **Product Handling Systems:** Enhanced for seamless operation.

FAQs

1. **What is PMSA's Certified Refurbishment Program?** Restores pre-owned PMSA machines to like-new condition, meeting original manufacturing standards.
2. **How does refurbishment benefit me?**
 - Cost-effective
 - Extended lifespan
 - Higher productivity.
3. **How do I verify if my machine has been officially refurbished?** Submit your serial number on our verification portal or contact our support team.
4. **What's the difference between PMSA-certified and unauthorized refurbishments?**
 - PMSA-certified machines meet strict standards.
 - Unauthorized refurbishments use inferior parts, leading to breakdowns and safety risks.
5. **How long does refurbishment take?** Time varies based on the extent of refurbishment, but we prioritize fast turnaround times.
6. **Can I trade in my old PMSA machine?** Contact us to discuss refurbishment options.
